9th Grade Math Worksheets & Printables | Study.com

Ninth grade, freshman year, or grade 9 is the ninth post-kindergarten year of school education in some school systems. Ninth grade is often the first school year of high school in the United States, or the last year of middle/junior high school. In some countries Grade 9 is the second year of high school. Students are usually 14–15 years old.

GENERAL NOTES. Fluency Recommendations. A/G- Algebra 1 students become fluent in solving characteristic problems involving the analytic geometry of lines, such as writing down the equation of a line given a point and a slope. Such fluency can support them in solving less routine mathematical problems involving linearity, as well as in modeling linear phenomena (including modeling using systems ...

Note: End-of-course subjects are those subjects that can be taken by students in multiple grade levels. Students only take these tests during the grade level in which they take the course. For example, a student in grade eight taking Algebra I would be tested in grade eight and would not take the Algebra I test again in grade nine.
