Archery is the art, sport, practice, or skill of using a bow to shoot arrows. The word comes from the Latin arcus. Historically, archery has been used for hunting and combat. In modern times, it is mainly a competitive sport and recreational activity.

Archery - Wikipedia

The bow and arrow are known to have been invented by the end of the Upper Paleolithic, and for at least 10,000 years archery was an important military and hunting skill, and features prominently in the mythologies of many cultures.. Archers, whether on foot, in chariots or on horseback were a major part of most militaries until about 1500 when they began to be replaced by firearms, first in ...
