Facial Recognition Is Getting Incredibly Powerful—and Ever More Controversial - MIT Technology Review

Anti-competitive practices One-click patent. The company has been controversial for its alleged use of patents as a competitive hindrance. The "1-Click patent" is perhaps the best-known example of this. Amazon's use of the one-click patent against competitor Barnes & Noble's website led the Free Software Foundation to announce a boycott of Amazon in December 1999.

Criticism of Amazon - Wikipedia

The bottom of the signs asked the public to report illegal immigrants and gave a number to call and a website. "I was really disappointed that these would show up in Old Town, being such an inclusive community," a local business owner told WILX-TV.. The signs weren't around long, and the city said it's ready to fine anyone caught putting them up again, but not because of the controversial message.
