

Interviewing For Radio

Interviewing For Radio

An interview is a conversation where questions are asked and answers are given. In common parlance, the word "interview" refers to a one-on-one conversation between an interviewer and an interviewee. The interviewer asks questions to which the interviewee responds, usually so information may be transferred from interviewee to interviewer (and any other audience of the interview).

Interviewing Principles . Reporters conduct two kinds of interviews: · News interview: The purpose is to gather information to explain an idea event or situation in the news. · Profile: The focus is on an individual. A news peg often is used to justify the profile. For effective interviews, reporters prepare carefully, and they ask questions that induce the source to talk freely. Questions ...
