Molecular Cloning, also known as Maniatis, has served as the foundation of technical expertise in labs worldwide for 30 years. No other manual has been so popular, or so influential.

Molecular Cloning

As the reference list grows, the reference slide will divide into two slides and so on, through use of the allowframebreaks option. Individual items can be cited after adding an 'optional' label to the relevant bibitem stanza. The citation call is simply \cite. Beamer also supports limited customization of the way references are presented (see the manual).
