List of Courses - MathWorld

A List of Undergraduate Math Courses for Math Majors at UH This is a list of Undergraduate Math Courses offered by the UH Math Department. Although there is a list of Undergraduate Math Courses on the Math Department website , the Math Department's list is incomplete and omits many important undergraduate math classes that are regularly offered.

A List of Undergraduate Math Courses for Math Majors at UH

These courses are a list of courses that are offered in the Math Department, some only occasionally. Beginning in 2018, course descriptions for graduate courses will no longer be uploaded to this site. For graduate topics courses please consult the individual course descriptions included on the Course Guide.

All Courses | Department of Mathematics

Prerequisite: 3 ½ years high school math or C- in Math 1031 or Math 1051 or placement exam. Trigonometry is not a prerequisite. Audience: Students from Math 1051 (Precalculus I) or Math 1031 (College Algebra) and those that need a little refresher course before going on to calculus, often because of the trig.

Complete Course List | School of Mathematics

Like high schools, most colleges require applicants to have completed three years of math and recommend four years. Selective colleges often require four years of math, and some schools may also require the completion of particular math classes like algebra 2, geometry, or pre-calculus.

The High School Math Courses You Should Take - PrepScholar

This course is an opportunity for teachers to focus on the mathematical content of MATH 180 through the lens of these tools and strategies, and to learn how to use each effectively to build mathematical understanding in students. Explicit connections to core content support all math teachers in implementing the models, tools, and strategies.
