

Mirror Images In Different Frames

Mirror Images In Different Frames

Laser etching, hand etching, or acid etching is used to create the decorative image. Kits and instructions are available to add an etched design to a plain mirror. Framed mirrors are widely available. Most commonly, frames are made of wood; however, elaborate wall mirrors can be framed in cowhide, mother of pearl, turquoise, or other exotic materials. Framed mirrors give the impression of being larger than they are.

Mirror Images in Different Frames? Johor, the Riau Islands ...

Beyond national-level support in all three countries, the initiative had the support of state and provincial leaders in Johor and Riau, respectively. Now, however, the situation is markedly different. The Malaysian government and its Johorean equivalent have invested considerable resources in encouraging closer integration with Singapore.
