The culture of the Southern United States, or Southern culture, is a subculture of the United States. The combination of its unique history and the fact that many Southerners maintain—and even nurture—an identity separate from the rest of the country has led to its being the most studied and written-about region of the U.S.

I don't mean to put all the blame on you, because you relied upon supposedly authoritative sources dating back to the early 20th C. Once I began my own research into the original records around 1970, I quickly discovered that most writers on Pettus genealogy relied upon someone else's work and that the pioneers either did not do the necessary research or else misinterpreted whatever ...
