The Inca Empire was easily one of the most impressive civilizations to ever rise in the Americas. Beginning as a tribe roughly around the year 1200 AD, the Inca culture would flourish in the Andes Mountains, extending its reach throughout the mountains of Peru, and into the present day countries of Ecuador, Bolivia and Chile. The 1532 Battle of Cajamarca essentially marked an end to the short ...

The Moche channeled streams flowing down from the Andes into an extensive system of irrigation canals that were used to grow corn (maize), beans, and other crops. This intensive agriculture supported numerous urban centres. Political authority was fragmented, however, with each river valley or string of valley towns and villages having its own royalty and warrior-priesthood.
